Dear Parent/Carer

Rye Primary School is looking forward to another great year of teaching and learning and would like to advise you of Rye Primary School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard of Victorian curriculum and we would like to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

We want to thank you for all your support, whether it's through fundraising or volunteering your time. Your support makes a huge difference to our school and the programs we can offer students, it has allowed us to provide a wide array of specialist classes, and the purchase of equipment and resources to suit all classroom learning.

For further information on the Department's Parent Payment's Policy visit [Parent Payments: Policy | education.vic.gov.au](#) Please note: Department of Education guidelines now mandated that schools are unable to provide parents with a statement of fees.

Yours sincerely
